CKEC is excited to announce the hiring of Meghan Martin as our new CRSSA Coordinator.

Meghan Martin began her educational career in Madison County Schools where she was a classroom teacher, intervention coordinator, and school counselor. She holds a bachelor's degree in Elementary Education, Masters' degrees in Gifted Education and School Counseling, a Rank I in Educational Psychology, and is currently pursuing a Master's in Community Mental Health along with an Ed.D. For the past ten years Meghan has worked for Kentucky Academic and Behavioral Response to Intervention Project and the Center for Instructional and Behavioral Research in Schools at the University of Louisville as a State MTSS Consultant and Director of Integrated School Mental Health. Meghan is very passionate about taking a holistic approach to educating the whole child through a multi-tiered prevention system of support framework. Her areas of interest and research include behavior intervention, Positive Behavioral Interventions and Supports, Integrated School Mental Health Wellness, and Trauma Sensitive Schools. Meghan currently resides in Madison County with her husband and four children.

When asked about the impact the CRRSA team could have, Meghan shared, "I think this a wonderful opportunity to build supports at the regional educational cooperative level to support student success and staff development across Central Kentucky and I look forward to getting started."
